27	28	29	30 TAROT CLASS 6:30 \$10.00	31	<i>Empaths are designed to feel other peoples emotions but not to carry them. If we are carrying others' emotions past any point of just noticing them, this is a result of our belief systems and imprints, not our perceptive skills. If our mother is sad, for example, we may learn at an early age that if we absorb her feelings she will be happier and more present if we absorb her pain.</i>
